Dear James:

Thank you so much for your generous donation of \$100 for partnering with the Vista High School's culinary department for the Vista Unified School District's Senior Art Show reception on April 25, 2017.

The art show at the Vista Civic Center features work from over 130 seniors from four high schools in the Vista School District, including Major General Raymond Murray, Vista High School, Mission Vista High School, and Rancho Buena Vista High School. The show has been up from March 23rd and is closing on May 5th. The students participating include pupils from the CTE graphic design and photography programs, as well as the Visual Arts programs of sculpture, painting, AP and IB classes. It afforded an opportunity to showcase the great art coming out of Vista.

Approximately 200 people attended the reception, which in addition to the artwork had a performance from Rancho Buena Vista's Saxophone Quartet and delicious homemade gelato from Vista High School's CTE culinary department. People in attendance included students with their families, numerous CTE and art teachers, and the principal from Major General Murray High School Chuck Hoover. In addition, City Council Members Joe Green, Amanda Rigby, John Franklin, John Aguilar, and numerous City employees were avid admirers of both the art and gelato. The gelato was a big hit of the event, as it was special- unusual to have at an art event and absolutely delicious!

Thank you again for partnering and allowing us the opportunity to give the audience something so memorable! It was a wonderful way to showcase all of the various CTE and Fine Art programs to both the VUSD public but also to everyone that works for the city.

All My Best
